# OVERVIEW

Career Education, the evolution from Career Technical Education, was created to cover the breadth of programs available at the 114 California Community Colleges.

Career Education programs offers quality, handson education that allows individuals to thrive in the workforce and in their communities. The campaign, colors, fonts and materials have been created for your use to show just that.

### THE CAMPAIGN

Career Education programs help students prepare for more than 200 career pathways by exploring, collaborating and doing. This document will serve as a printable reference guide and provide easy instructions for you to customize your Career Education marketing materials for your college or region. Information like font types, colors and preferred styling are outlined in the following pages for quick reference.

Visit www.CareerEducationToolkit.ccco.edu to find ready-to-use downloadable assets, downloadable templates for your own customization and visual template guides to walk you through the design options.

# CAMPAIGN GUIDELINES

These Campaign Guidelines are designed to serve as a printable guide to help you successfully create marketing materials for Career Education at your school or region while keeping visual consistency across all materials.

## PRINT READY COLLATERAL

Print ready assets have been created for easy download and quick use. Branding of the California Community Colleges and the URL of CaliforniaCareerEducation.com has already been included. Print ready collateral includes a general education brochure and regional fact sheets for each region within the California Community Colleges system.

All print ready assets are created in Adobe InDesign CC 2018. An Adobe InDesign .idml file is also included in the download, which allows older versions of Adobe InDesign to edit and customize as needed.
